7 April 1983

'Status of CIA Building Program

The design of the CIA Headquarters expansion is approximately 30% complete. The bid packages for the construction contract are scheduled for completion in the Spring of 1984. Funds are requested in the Fiscal 1984 budget to commence construction during the Summer of 1984.

All current design work is adhering to the approved Master Plan that was presented to the local citizens in Dec. 1982. Road improvements to Route 123 will be designed by Virginia Department of Highways. Start of road design and construction is contingent upon the availability of Federal funding that the Agency has requested as part of the 1984 construction budget.
